4 SIDES

DOUBLE
COVER

WASHABLE
AT 95°

Three layers of overlaying springs: high load-bearing capacity and progressive support. Anti-bacterial fabric and padding.

SUITABLE FOR ADJUSTABLE BED BASES
Mattress height: 24-25 CM.

REMOVABLE COVER.

N.B.: Covers with widths up to 120 cm will
fit into a household washing machine

1_ COVER IN MEDICOTT FABRIC

Antibacterial and anti-mite with circular zip on 4 sides for machine washing at 95°C with the use of normal detergents.

2_ PADDING

In Medicott antibacterial and breathable fabric.

3_ INTERNAL COVER

Wear-proof in 100% pure jersey cotton which means the mattress can be used when the external cover has been removed for washing.

4_ SPRINGS

800/1600 independent springs, with progressive comfort systems consisting of three layers of individually pocketed and overlapping springs that guarantee elasticity, independence and support. The two external layers ensure an initial feeling of comfort, and the middle layer provides effective support.

5_ BREATHABLE TOP LAYER IN LATEX AND JUTE

Thickness of 3.5 cm, hypoallergenic, it increases elasticity and ergonomics of the support layers, facilitates air flow and maintains an ideal microclimate.

6_ SIDE BOX

Encloses the springs and is made of high-density "eco-friendly polyurethane foam" to guarantee uniformity of the resting surface.

FITTED WITH HANDLES

VOLUMETRIC BAND TO CONTROL HUMIDITY
AND AIR PERMEABILITY.

medicott

MEDICOTT FABRIC AND PADDING

Cotton and cotton blend fibres purified at origin without chemical treatments. They are resistant to stains and mildew, therefore are antibacterial. Since the natural habitat of the dust mite is an environment where bacteria proliferate, this fabric prevents dust mites from spreading.
