Mattresses with independent pocket springs

Armonia

Three layers of overlaying springs:
high load-bearing capacity and progressive support.

SUITABLE FOR ADJUSTABLE BED BASE

Mattress height: 24-25 CM.

1_ CASHMERE AND VISCOSE LINING

Deep quilting with capitonage design that makes the mattress and padding particularly stable and comfortable.

2_ SPRINGS

800/1600 independent springs, with progressive comfort system consisting of three layers of individually pocketed and overlapping springs that guarantee elasticity, independence and support. The 2 external layers ensure an initial feeling of comfort, and the middle layer provides effective support.

3_ BREATHABLE TOP LAYER IN NATURAL LATEX AND JUTE

Thickness of 3.5 cm, hypoallergenic, it increases elasticity and ergonomics of the support layers, facilitates the air flow and maintains an ideal microclimate.

4_ SIDE BOX

Encloses the springs and is made of high-density "eco-friendly polyurethane foam" to guarantee uniformity of the resting surface.

5_ LAYER OF MERINO WOOL AND SILK

Wool is one of the most durable and elastic fibres. It resists strong compressions without yielding. As a heat insulator, it prevents the dispersion of heat and keeps the body at an ideal temperature.

6_ COTTON PADDING

Natural fibre that generates a feeling of freshness and well-being. It isolates the body from magnetic fields. Guarantees excellent absorption of perspiration for a dry and hygienic summer.
