Side 2

Medium soft

Medium firm

Independent springs + Memory foam for a comfortable, stable and removable surface, as well as maximum hygiene and cleanliness.

SUITABLE FOR ADJUSTABLE BED BASES
Mattress height: 26-27 CM.

REMOVABLE COVER.

N.B.: Covers with widths up to 120 cm will fit into a household washing machine

1_ COVER IN SILK AND BAMBOO

Highly breathable, it guarantees natural heat adjustment, and has a hypoallergenic function. Deep quilting. Perimeter zip on 4 sides for removing the cover and washing.

2_ SPRINGS

400/800 springs pocketed one at a time, which act independently from each other to support the body and adapt to every slight movement. Only the springs that are pressed move downwards, without stressing the others.

3_ BOX

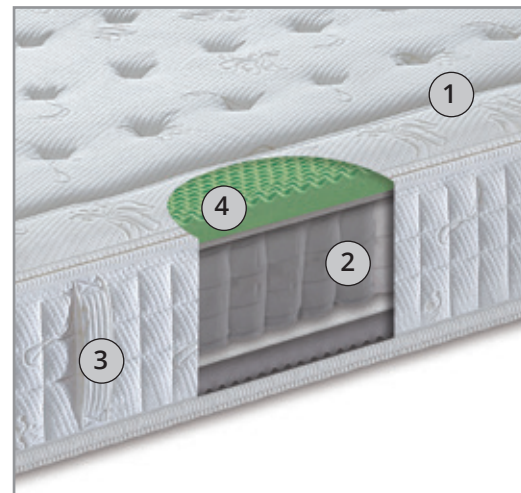

Side that encloses the springs. It is made of high density "eco-friendly polyurethane foam" to guarantee uniformity to the resting surface. The massaging surface in ACQUATECH is hypoallergenic with areas of different load-bearing capacities.

4_ REMOVABLE PADDING

Side 1: MEMORY FOAM, an innovative material that softens under the effect of body heat, modelling itself and distributing the weight over the entire surface. Ideal for those who suffer from back pain. Dry clean.

Side 2: innovative hypoallergenic fibre that guarantees high breathability. Machine washable at 40°C.
